

How to **Search for Jobs** on the Ask AS Platform

As a **Service Seeker**, and a **Sole Trader/Service Provider** looking to join a larger company, you can look for jobs.

To do this, you can click

If you are a **Service Provider** registered with Ask AS, your job advertisements will also appear in this section.

You will be able to **filter** the jobs posted through the section on the left.

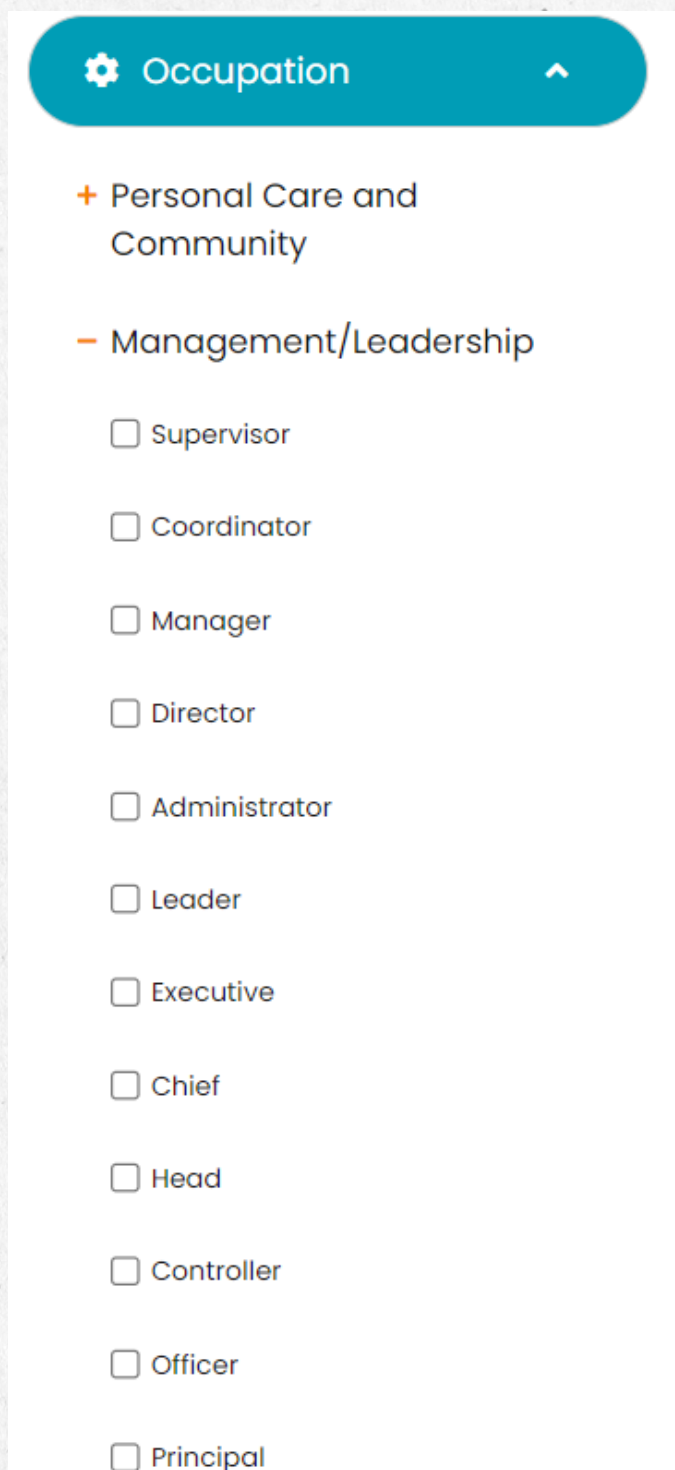

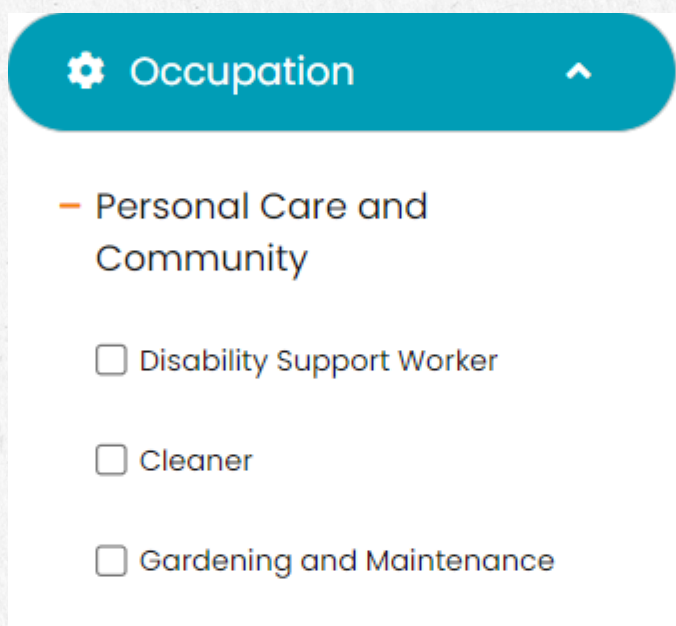

You can filter by **‘Occupation’**. This filter also has **subcategories**. You can click each of the categories to filter by specific positions or roles.

Search Careers

⚙ Occupation ^

- + Personal Care and Community
- + Management/Leadership
- + Finance
- + Tech and IT
- + Coordination of Supports
- + Allied Health
- + Supported Employment

For example, under the ‘**Occupation**’ filter, if you click ‘**Personal Care and Community**’ or ‘**Management/Leadership**’ the below subcategories will load.

DSW - Disability Support Worker

 Footscray Road, West Melbourne VIC, Australia

 12345678

 weareaskas@gmail.com

Assistance with support to clean, eat, bathe (personal...

[View Job](#)

 [Apply Now](#)

On the job posting which applies most to you, you can click '**Apply Now**' or '**View Job**'. Clicking '**Apply Now**' will take you to an external site like Seek, where you can apply for the job straight away. '**View Job**' will load up more information about the role.

The information will include:

- Job Description
- Key Responsibilities
- Qualifications
- Salary Benefits
- Salary Type
- Job Shift Time
